## CHILD PROTECTION

### Don't turn a blind eye...

More than two million children and adolescents are affected by child sex tourism. Kuoni has signed the international "Child Protection Code" ([www.thecode.org](http://www.thecode.org)) and is committed to combating this crime. Look and see what is going on... don't turn a blind eye. If something looks suspicious and points to child sexual exploitation, report it to the hotel management, your travel agent, your embassy, the local police or the police in your home country.

## CLIMATE CHANGE

### Compensate the emissions from your flight...

Climate change is among the most urgent challenges of our time. So projects that help prevent global warming are more important than ever. The Kuoni composting project in Bali produces several benefits for people and nature simultaneously: On the one hand, greenhouse gas emissions are avoided and waste is reduced. On the other hand, coveted jobs are created and valuable compost for agriculture is produced. Even with a small fee, you too can support this innovative project and compensate the CO2 emissions of your flight: <http://kuoni.myclimate.org/e>

Prices for emission compensation through myclimate:  
◆ Short haul EUR 5-20 ◆ Mid-haul EUR 20-80 ◆ Long haul EUR 80-140

## PRESERVING OUR DESTINATIONS

### Choose a sustainable hotel ...

In order to promote sustainability at our destinations, Kuoni is working closely with the Travelife Sustainability System. Hotels that take on environmental and social responsibility are awarded the Travelife Gold, Silver or Bronze Awards. Concretely this means that resources such as energy and water are used carefully, waste is minimized and goods are purchased from local producers. Equally important is the fair treatment of employees and an intensive dialogue with the local community. Through Travelife we offer you the opportunity to select sustainable hotels at your chosen destination. As you leaf through this catalogue, look for the Travelife logo:

No matter how far you journey.  
You are always on home ground.

On Mother Earth.

And for her hospitality,

she demands so little in return.

That wherever we travel  
we respect her landscape.

Conserve her resources.

Value her local traditions.

It is only if we travel this way  
that we can gift our children  
the same green, generous planet

to explore.
