STATEMENT SETTING OUT MATERIAL FACTS (EXPLANATORY STATEMENT) PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

In conformity with the provisions of Section 102 of the Companies Act, 2013 read with the Secretarial Standard-2 on General Meetings issued by the Institute of Company Secretaries of India, the following explanatory statement and annexures thereto setting - out all material facts relating to Special Business as set out at Item Nos. 3 & 4 of the accompanying Notice, should be taken as forming part of this Notice.

Item No. 3

TO CONSIDER AND APPROVE PAYMENT OF COMMISSION TO NON-EXECUTIVE INDEPENDENT DIRECTORS (NED-IDs) IN CASE OF LOSS / INADEQUACY OF PROFITS FOR THE FINANCIAL YEAR 2023-2024

As per the provisions of Section 149, 197, 198, and other applicable provisions, if any of the Companies Act, 2013 read with Schedule V and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 ("the Rules") and taking into account the roles and responsibilities of the directors, it is proposed that the remuneration by way of commission be paid, collectively to all the Non-Executive Directors, particularly Independent Directors of the Company for the Financial Year 2023-24.

It is pertinent to note that the NED-IDs of the Company bring with them significant professional expertise and rich experience across a wide spectrum of functional areas such as strategic leadership and management experience, technology and digital expertise, industry and sector experience / knowledge, financial and risk management, governance, global business / international expertise, public policy, etc. The NED-IDs attend the meetings of the Board of Directors and thereby devoting their sufficient time and attention to its professional obligations for informed and balanced decision making. They also help in bringing independent judgement to bear on Board deliberations and assist in implementing the best corporate governance. Having regard to the above and in order to retain the rich expertise of the NEDs, the Board of Directors at its meeting held on May 3, 2024, accorded their consent for payment of commission to Non-Executive Independent Directors subject to approval of the Shareholders. However, Mr. Madhavan Menon and Mr. Debasis Nandy, have waived their right / entitlement to commission and sitting fees, hence this commission shall be paid to only Non-Executive Independent Directors of the Company.

The Company therefore seeks approval of the Shareholders for paying such remuneration as envisaged in Schedule V of the Companies Act, 2013, the commission proposed to be paid is as follows:

The information as required to be disclosed under paragraph (iv) of the second proviso after Paragraph B of Section II of Part II of Schedule V to the Companies Act, 2013 and the disclosures required under the Secretarial Standard-2 on General Meetings is given as an Annexure to this Notice.

The Company has not defaulted on payment of dues to any bank or public financial institution or non-convertible debenture holders or other secured creditors, if any.

The Board of Directors recommends the Ordinary Resolution set out at Item no. 3 of the Notice for approval of the Members.

None of the Interested Directors holds any shares in the Company,

None of the Directors, Key Managerial Personnel and their relatives is, in any way, concerned or interested, financially or otherwise, save & except Mrs. Kishori Udeshi, Mr. Nilesh S Vikamsey and Mr. Rahul Bhagat and their respective relatives, to the extent of being recipient of the commission as set-out in item no. 3 of the accompanying Notice.

Item No. 4

TO CONSIDER AND APPROVE VOLUNTARY / CHARITABLE CONTRIBUTION OF RS. 10 LACS TO FAIRFAX INDIA CHARITABLE FOUNDATION (FICF) UNDER SECTION 181 OF THE COMPANIES ACT, 2013 (THE ACT) FOR THE FINANCIAL YEAR 2024-2025:

FICF requires approximately Rs. 93 Lakhs towards its annual operational expenses for FY 2024-25. Earlier, FICF's operational expenses were supported by donations from Settlors. Due to the impact of the Pandemic, SOTC, as a Settlor, could not contribute any funds between FY 2020 and 2024. During this time, FICF had to manage its operational

expenses through the contributions of other donors with a 5% charge from other donors, as administrative fee. Through Fairfax India Charitable Foundation, the Company undertakes its CSR activities, by providing affordable, quality dialysis services to patients in parts of India where there is limited/nonexistent dialysis infrastructure.

Given that this is not enough to meet the annual expenses of the Foundation for FY 2024-25, FICF is requesting SOTC as a Settlor (despite the Company not needing to contribute CSR funds as per the CSR provisions under Section 135 of The Companies Act, 2013), to support to the extent possible to help cover the annual expenses of FICF.

Pursuant to Section 181 of the Companies Act, 2013, the Board of Directors of a company may contribute to bona fide charitable and other funds. However, in case the amount to be contributed exceeds five per cent (5%) of its average net profits for the three immediately preceding financial years, then prior permission of the shareholders in general meeting shall be required for such contribution. Since the average net profits of the Company for the three immediately preceding financial years as calculated per the provisions of Section181 of the Companies Act, 2013 is negative, the Board of Directors of the Company proposes the above resolution as an Ordinary Resolution for approval of the Members for making voluntary / charitable contribution exceeding the limits as set out in Section 181 on account of loss / inadequacy of profits in the years 2021-22, 2022-23 and 2023-24 up to an amount not exceeding Rs. 10 Lacs (Rupees Ten Lacs Only) during the financial year 2024-25.

The Board of Directors recommends the Ordinary Resolution set out in Item no. 4 of the Notice for approval of the Members.

Save and Except Mr. Madhavan Menon and Mr. Vishal Suri and their respective relatives, no other Director or Key Managerial Personnel of the Company or their respective relatives is / are concerned or interested, financially or otherwise, in the said Ordinary Resolution as set out at Item No. 4 of the accompanying Notice.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by SOTC Travel Limited (hereinafter called "the Company"). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our limited verification of the Company's Books, Papers, Minute Books, Forms and Returns filed with applicable regulatory authority(ies) and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the financial year ended on March 31, 2024 ('Audit Period'), complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to reporting made hereinafter:

We herewith report that maintenance of proper and updated Books, Papers, Minutes Books, filing of Forms and Returns with applicable regulatory authorities and maintaining other records is responsibility of management and of the Company. Our responsibility is to verify the content of the documents produced before us, make objective evaluation of the content in respect of compliance and report thereon. We have examined on test check basis, the Books, Papers, Minute Books, Forms and Returns filed and other records maintained by the Company and produced before us for the financial year ended March 31, 2024, as per the provisions of:

- (i) The Companies Act, 2013, ('the Act') and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder (Not applicable to the Company during the Audit period);
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder, to the extent applicable to the Company;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder with respect to Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings, to the extent the same was applicable to the Company;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 (Not applicable to the Company during the Audit period);

- (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 (Not applicable to the Company during the Audit period);
- (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 (Not applicable to the Company during the Audit period);
- (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 (Not applicable to the Company during the Audit period);
- (e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 (Not applicable to the Company during the Audit period);
- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 (Not applicable to the Company during the Audit period);
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 (Not applicable to the Company during the Audit period) and
- (i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Not applicable to the Company during the Audit period).
- (vi) We relied on the representation made by the Company and its Officers in respect of systems and mechanism formed / followed by the Company for the compliance of the following laws applicable specifically to the Company:
 - 1. The Passports Act, 1967 and applicable Rules thereto.
 - 2. IATA Guidelines for Agents.

We have also examined compliance with the applicable clauses of:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India under the provisions of Companies Act, 2013; and
- (ii) The Listing Agreements entered into by the Company with Stock Exchange(s) (Not applicable to the Company during the Audit period).

Based on the aforesaid information provided by the Company, we report that during the financial year under report, the Company has complied with the provisions of the above mentioned Act/s, Rules, Regulations, Guidelines, Standards, etc. and we have no material observation or instances of noncompliance in respect of the same.

We further report that, as informed by the management, below instances of fraud happened during the Audit period:

- Travel Coordinator of client, Daikin India, introduced and declared unknown party i.e. Steve Burnette as his counterpart and Scammer Steve Burnette disguised as Director HR of Daikin Applied Americas INC US, fraudulently booked non-refundable international air tickets for INR 4.60 lakhs. The Company requested the client to pay the due amount which shall be adjusted against future bookings through discounts. But the client has refused to accept our proposed recovery plan.
- Hotel booking was done through Company's corporate Credit card for INR 0.83 lakhs and later realized that the booking team has been spoofed by the scammer. A dispute had been raised by the cardholder with the bank and a police complaint has also been filed at Cyber Crime portal. However, as the OTP was shared willingly, the Bank has declined the chargeback request.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice was given to all Directors about scheduled Board Meetings, Agenda and detailed notes on agenda were sent at least seven days in advance, and a reasonable system exists for Board Members for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Based on the representation made by the Company and its Officer, we herewith report that majority decision is carried through and proper system is in place which facilitates / ensure to capture and record, the dissenting member's views, if any, as part of the Minutes.

Based on the representation made by the Company and its Officers explaining to us in respect of internal systems and mechanisms established by the Company which ensures compliances of Acts, Laws and Regulations applicable to the Company, we report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that, during the audit period, the Company has not undertaken any corporate action having a major bearing on the Company's affairs in pursuance of aforesaid laws, rules, regulations, guidelines, standards, etc as mentioned above.

Independent Auditor's Report

To the Members of SOTC Travel Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of SOTC Travel Limited (the "Company") which comprise the balance sheet as at 31 March 2024, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its profit and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors' report, but does not include the financial statements and auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained. whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other C matters that may reasonably be thought to bear on our independence, and where applicable, related 1-Ith Floos at a Charles Contral 6 Wing The North C Wing The Nesco IT Parks

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of SOTC Travel Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed by provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial

statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

(e) Functional and presentation currency

The financial statements are presented in Indian Rupees "(INR)" or "(Rs.)" which is also the Company's functional currency and all values are rounded off to nearest militions ('000,000) except where otherwise indicated. Wherever the amount is represented as '0' ('zero') it construes a value tess than half million

(d) Foreign currency translation and transactions

(i) Functional and presentation currency

A Company's functional currency is the currency of the primary economic environment in which an entity operates and is normally the currency in which the entity primarily generates and expends cash.

(ii) Transactions and balances

(ii.a) Initial recognition

On initial recognition, foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction,

(ii,b) Subsequent recognition

As at the reporting date, non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the period end exchange rates are recognised in profit or loss. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss in the statement of profit and loss.

All monetary items denominated in foreign currency are restated at Foreign Exchange Dealers Association of India (FEDAI) rates and the exchange variations arising out of settlement / conversion at the FEDAI rates are recognised in the statement of profit and loss.

1B.3 Use of estimates

The preparation of financial statements in accordance with generally accepted accounting principles ('GAAP') in India requires that management makes judgment, estimates and assumptions that affect the reported amounts of Assets and Liabilities, disclosure of contingent liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reported period. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of facts and circumstances as at the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in current and future periods.

Judgments

Information about judgments made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes

Note 23 - Determination of whether a particular service is rendered in the capacity of a principal or agent

Note 30 (ii) - Determining the amount of expected credit loss on financial assets (including trade receivables)

Note 2.2 - Lease classification

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the financial statement is included in the following notes:

Note 1B 2 - Going Concern

Note 2 - Estimate of useful life used for the purposes of depreciation and amortisation on property plant and equipment and intangible assets.

Note 5 - Recognition of deferred tax assets; availability of future taxable profit against which tax losses carried forward can be used;

Note 36 - Measurement of defined benefit obligations: key actuarial assumptions;

Note 4, 7, 11, 12 and 23 - Recognition and measurement of provisions and contingencies; key assumptions about the likelihood and magnitude of an outflow of resources

Note 30 - Impairment of financial assets

Note 2 - Impairment of non financial assets

1B.4 Revenue recognition

Revenue is measured based on transaction price, which is the consideration paid for services. Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those services. Revenue from rendering of services is net of Indirect taxes and discounts.

(a) Income from operations

The Company earns revenue from travel and related services,

Travel and related services

It comprises of leisure tours packages within India and outside India along with travel related services viz travel insurance and visa services. Revenue on leisure tours / holiday's packages are recognized on the completion of the performance obligation which is on the date of departure of the tour.

1B.4 Revenue recognition (Continued)

(b) Contract balances

Contract assets

A contract asset is the right to consideration in exchange for services rendered to the customer. If the Company performs by rendering services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

(ii) Contract liabilities

A contract liability is the obligation to transfer services to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company renders services to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Company performs under the contract.

(e) Customer Loyalty Program

The Company operates a customer loyalty program. The Loyalty Program allows customers to accumulate rewards points on their travel spending as per the scheme. The points give rise to a performance obligation as it entitles customers for redemption as settlement of future purchase transaction price.

Consideration received is allocated between the sale of travel packages and contractual liability for points issued.

Consideration allocated to reward points as a contractual liability is deferred and recognized when points are redeemed or when the points are expired.

Consideration allocated to reward points is deferred and recognized when points are redeemed or when the points are expired. Reward points are redeemed by the customers in the future periods for booking either holiday, flight or hotel with the Company. Revenue against the reward points is recognised when redeemed by the customers for travel bookings with the Company. Reward points which remain unredeemed at the time of expiry of such points are recognized as revenue.

1B.5 Taxes on income

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and habilities attributable to temporary differences and to unused tax losses.

Income tax for the period comprises of current tax and deferred tax. Income tax is recognised in the statement of profit and loss except to the extent that it relates to items recognised in "Other comprehensive income or directly in equity, in which case the tax is recognised in "Other comprehensive income" or directly in equity, respectively.

(a) Current tax:

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the Balance Sheet date, and any adjustments to tax payable in respect of previous years, interest income/expenses and penalties, if any related to income tax are included in current tax expense.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be part to the tax authorities. The company offsets the current tax assets as against the liability for provision for tax.

1B.5 Taxes on income (Continued)

(b) <u>Deferred tax:</u>

Deferred tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred taxes on items classified under Other comprehensive income ('OCI') has been recognised in OCI.

The carrying amount of deferred (ax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

1B.6 Leases

The company as a lessee

The company's lease asset classes primarily consist of leases for buildings, vehicles and office equipment's. The company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the company assesses whether:

- (1) the contract involves the use of an identified asset
- (2) the company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (3) the company has the right to direct the use of the asset.

At the date of commencement of the lease, the company recognizes a "Right of Use" ("ROU") asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses if any and adjusted for any remeasurement of the lease liability.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease Jiabilities are remeasured with a corresponding adjustment to the related right of use asset if the company changes its assessment if whether it will exercise an extension or a termination option."

The company as a lessor

Leases for which the company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases and rewards of ownership to the tessee, the contract is chosened as a straight line basis over the term of the regreated lease. For operating leases, rental income is recognized on a straight line basis over the term of the regreated lease.

1B.7 Impairment of assets

(a) Financial assets

A financial asset not carried at fair value is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future eash flows of that asset that can be estimated reliably.

Objective evidence that financial assets are impaired can include default or delinquency by a debtor, restructuring of an amount due to the Company on terms that the Company would not otherwise consider, indications that a debtor or issuer will enter bankruptcy, the disappearance of an active market for a security. The entity considers evidence of impairment for receivables for each specific asset. All individually significant receivables are assessed for specific impairment.

An impairment loss in respect of a financial asset measured at amortized cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. Losses are recognized in statement of profit and loss and are reflected as an allowance account against receivables. Interest on the impaired asset continues to be recognized as income through the unwinding of the discount. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through statement of profit and loss.

The company assess at each date of Balance sheet whether a financial assets or group of financial assets is impaired. In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets and credit risk exposure:

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. The Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

(b) Non financial assets

Goodwill is tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

Total impairment loss of a cash generating unit (CGU) is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU. An impairment loss on goodwill is recognized in the statement of profit and loss and is not reversed in the subsequent period.

1B.8 Cash and cash equivalents

Cash and cash equivalents includes cash on hand, cheques/drafts on hand, remittances in transit, balances with bank held in current account, demand deposits with original maturities of three months or less, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are repayable on demand and form an integral part of an entity's cash management, and are alchuded as a component of cash and cash equivalents. Bank overdrafts are shown within borrowings in current against a habilities in the balance shoot.

1B.9 Financial instruments

(a) Initial recognition and measurement

Financial assets are recognised when the entity becomes a party to the contractual provisions of the instruments. Transaction costs are expensed in the statement of profit and loss, except for financial instruments carried at amortized cost, where transaction costs are adjusted in the amortized cost of the asset.

Subsequent measurement

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') on the basis of:

- (i) the entity's business model for managing the financial assets and
- (ii) the contractual cash flow characteristics of the financial asset.
- (i) Measured at amortized cost: Financial assets which have contractual cash flows that are solely payments of principal and interest on the principal outstanding and is held within a business model with the objective of holding the assets to collect contractual cash flows, are subsequently measured at amortized cost using the effective interest rate ('EIR') method, less impairment, if any. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in interest income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. On derecognition, gain or loss, if any, is recognised in the statement of profit and loss.
- (ii) Measured at fair value through other comprehensive income: Financial assets which have contractual cash flows that are solely payments of principal and interest on the principal outstanding and is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, is measured at fair value through other comprehensive income. It is subsequently measured at fair value with unrealised gains or losses recognised in the other comprehensive income ('OCI'), except for interest income which is recognised as 'other income' in the Statement of Profit and Loss using the EIR method. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit
- (iii) Measured at fair value through profit or loss: A financial asset not measured at either amortised cost or FVOCI, is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Statement of Profit and Loss.

All investments in equity instruments classified under financial assets are subsequently measured at fair value (except for investment in subsidiaries). Equity instruments which are held for trading are measured at FVTPL. For all other equity instruments, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised as 'other income' in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss when the company's right to receive payments is establishes.

Investments in subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. The accounting policy on impairment of nonfinancial assets is disclosed in Note 1B.7(b). On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amounts are recognized in the statement of profit and loss.

(d) Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset. On transfer of the financial asset, the Company evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In ured on a fair t that case, the Company also recognises an associated liability. The transferred asset and the associated liability are figgstured alue basis

that reflects the rights and obligations that the Company has retained.

1B.9 Financial instruments (Continued)

Financial liabilities

(a) Initial recognition and measurement:

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value plus transaction costs for all financial liabilities not carried at FVTPL. Financial liabilities carried at FVTPL are initially recognised at fair value, and transaction costs are expensed in the statement of profit and loss.

(b) Subsequent measurement:

Financial liabilities are subsequently measured at amortized cost using EIR method. Financial liabilities carried at FVTPL are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

(e) Derecognition:

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Derivative financial instruments

The Company uses derivative financial instruments, such as forward foreign exchange contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value, with changes in fair value recognised in statement of profit and loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

1B.10 Property, plant and equipment

Property, plant and equipment is measured at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of profit and loss during the period in which they are incurred. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. Losses arising from the retirement of, and gains or losses arising from disposal of assets which are carried at cost is recognised in the statement of profit and loss.

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the litems. Depreciation is provided on a straight-line method over the estimated useful lives of the assets. The depreciation rates are prescribed in Schedule II to the Companies Act, 2013. If the management's estimate of the useful life of a fixed asset at the time of acquisition of the asset or of the remaining useful life on a subsequent review is shorter or longer than that envisaged in the aforesaid Schedule, depreciation is provided at a higher or lower rate respectively, based on the management's estimate of the useful life/remaining life.

| Assets | Estimated useful life (in years) |
|---|----------------------------------|
| Furniture and Fixtures | 5 |
| Office Equipment's (including air conditioners) | 3 |
| Vehicles | 5 |
| Commuter hardware | 5 |

Leasehold Improvements are amortised over the period of the lease or useful life of the asset whichever is lower.

Property, plant and equipment not ready for the intended use on the date of Balance Sheet are disclosed as "Capital work-in-progress".

The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively, if appropriate. The residual values are not more than 5% of the original cost of the assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is greater than its estimated recoverable amount of applications and disposal a

Intangible assets

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight line basis over their estimated useful lives. The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the statement of profit and loss.

The carrying value of these intangible assets is reviewed at least annually for impairment and adjusted to the recoverable amount if required.

Goodwill

Goodwill on business combination is included in intangible assets. Goodwill is not amortized but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold. Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or company's of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or company's of units are identified at the lowest level at which goodwill is monitored for internal management purposes, which in our case are the operating segments.

(ii) Computer software

Costs associated with maintaining software programmes are recognised as an expense as incurred. Development costs those are directly attributable to the design and testing of identifiable and unique software products controlled by the Company are recognised as intangible assets when the following criteria are met:

- · it is technically feasible to complete the software so that it will be available for use
- · management intends to complete the software and use or sell it

- · there is an ability to use or sell the software
- · it can be demonstrated how the software will generate probable future economic benefits
- adequate technical, financial and other resources to complete the development and to use or sell the software are available, and
- the expenditure attributable to the software during its development can be reliably measured.

Directly attributable costs that are capitalised as part of the software include employee costs and an appropriate portion of relevant overheads.

1B.11 Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in statement of profit and loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortized over the period of the facility to which it relates.

Borrowings are derecognised from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in statement of profit and loss.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 68 & Co. (

after the reporting period.

1B.12 Provisions and contingent liabilities

Provisions are recognised when the entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. Provisions are not recognised for future operating losses. A provision is recognized if the likelihood of an outflow with respect to any one item included in the same class of obligations is more probable than not. Provisions are measured at the present value of management's best estimate of the expenditure require to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Where there are several similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are neither recognised nor disclosed in the financial statements.

IB.13 Other income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Facility support income, group resource income and management fees is recognised on account basis over the period of agreement.

1B.44 Employee benefits

(a) Post employment benefits:

(i) Defined contribution plans

The Company's provident fund contribution paid / payable under the recognised provident fund scheme and the employees' state insurance contribution is recognised as an expense in the Statement of profit and loss during the period in which the employee renders the related service.

(ii) Defined benefit plans

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment.

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their services in the current and prior periods. These benefits are discounted to determine its present value, and the fair value of any plan assets is deducted therefrom.

Contribution to Gratuity is based on the requirement of the trust with whom the Company maintains the fund balance. The Company's liability is actuarially determined (using the Projected Unit Credit Method) at the end of each year. The amount of net interest expense calculated by applying the liability discount rate to the net defined benefit liability or assets is charged or credited in the statement of profit and loss. Any differences between the interest income on plan assets and the return actually achieved, and any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustments within the plans, are recognised immediately in 'Other comprehensive income' and subsequently not reclassified to the statement of profit and loss.

(b) Short-term employee benefit

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid, e.g. salaries, short term bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount can be estimated reliably.

(c) Compensated absences

As per the leave Policy of the Company, employees are entitled to avail 30 days of leave during a calendar year. Any days forward or encashment of the same is not allowed and all unutilised leaves necessarily lapse at the end of the calendar year. At reporting date lightlifty perianning to

compensated absences is calculate based on the total leave balances of each employee

(d) Employee stock options:

The grant-date fair value of share-based payment awards – i.e. stock options – granted to employees is recognised as personnel expenses, with a corresponding increase in Equity, over the period in which the employees become entitled to the awards. The amount recognised as an expense is adjusted to reflect the number of awards for which the related service and non-market performance conditions are expected to be met, such that the amount ultimately recognised as an expense is based on the number of awards that meet the related service and non-market performance conditions at the vesting date.

1B.15 Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, not of tax, from the proceeds.

1B.16 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit for the year after deducting preference dividends and any attributable tax thereto for the year. The weighted average number of equity shares outstanding during the year and for all years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

1B.17 Business Combination

Business combinations of entities under common control are accounted using the "pooling of interests" method and assets and liabilities are reflected at the predecessor carrying values and the only adjustments that are made are to harmonise accounting policies. The figures for the previous periods are restated as if the business combination had occurred at the beginning of the preceding period irrespective of the actual date of the combination.

1B.18 Cost recognition

Costs and expenses are recognised when incurred and have been classified according to their primary nature. The costs of the company are broadly categorised in employee benefit expenses, depreciation and amortisation and other operating expenses. Employee benefit expenses include employee compensation, allowances paid, contribution to various funds and staff welfare expenses. Other operating expenses majorly include sub-contractor charges, rent, recruitment and training expenses, travelling and conveyance, legal and professional fees and communication expenses.

1B.19 Critical Accounting Estimates and Judgments

The preparation of Financial Statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Financial Statements.

The areas involving critical estimates and judgments are:

- -Useful life of property, plant & equipment
- -Estimated useful life of intangible asset
- -Estimated goodwill impairment
- -Leases
- -Impairment of investment
- -Estimation of Defined Benefit Obligation
- -Recognition of deferred tax assets for carried forward unabsorbed depreciation/loss
- -Recognition and measurement of provision and contingencies

1B.20 Current / Non Current Classification

All assets and liabilities are classified into current and non-current:

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realised within 12 months after the reporting date; or
- d) it is eash or each equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date. Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is due to be settled within 12 months after the reporting date; or
- d) the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

 Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Operating cycle:

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Based on the above definition and the nature of services provided, the Company has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

1B.21 Change in accounting policies and disclosures

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 dated 31 March 2023 to amend the following Ind AS which are effective for annual periods beginning on or after 1 April 2023. The Company applied for the first-time these amendments.

(i) Definition of Accounting Estimates - Amendments to Ind AS 8:

The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates. The amendments had no impact on the Company's standalone financial statements.

(ii) Disclosure ments of Accounting Policies - Amendments to Ind AS 1:

The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments have had an impact on the Company's disclosures of accounting policies, but not on the measurement, recognition or presentation of any items in the Company's financial statements.

(iii) Deferred Tax related to Assets and Liabilities arising from a Single Transaction - Amendments to Ind AS 12:

14th Floor, Central B Wing and North C Wing Nesco IT Park4, Nesco Center, Istern Express Hight Goronson (f. asi).

GLOG VCCO

The amendments narrow the scope of the initial recognition exception under Ind AS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences such as leases.

The Company previously recognised for deferred tax on leases on a net basis. As a result of these amendments, the Company has recognised a separate deferred tax asset in relation to its lease liabilities and a deferred tax liability in relation to its right-of-use assets. Since, these balances qualify for offset as per the requirements of paragraph 74 of Ind AS 12, there is no impact in the balance sheet. There was also no impact on the opening retained earnings as at 1 April 2022.

1B.22 Recent accounting pronouncement

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

Acquisition of the business travel division

The recoverable amount was based on fair value less costs of disposal, estimated using discounted cash flows. The fair value measurement was categorised as a Level 3 fair value based on inputs in the valuation technique used.

The key assumptions used in the estimation of the recoverable amount are set out below. The values assigned to the key assumptions represent management's assessment of future trends in the relevant industries and have been based on historical data from both external and internal sources.

| | As at | As at |
|---|---------------|---------------|
| | 31 March 2024 | 31 March 2023 |

| Terminal value growth rate per annum | 5% | 5% |
| Budgeted EBITDA growth rate (average of next 2 years) per annum | 5% | 5º0 |

The discount rate is post tax measure estimated based on the historical industry average weighted-average good rapid with the rate of return of 7.85% approximately.

The recoverable amount of Goodwill has been calculated using the discounted cash flow method.

ii, Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

| | 31 March | 31 March 2024 | | 31 March 2023 | |
|---|----------|---------------|----------|---------------|--|
| | Increase | Decrease | Increase | Decreuse | |
| Discount rate (2024 - 0.5% and 2023 :- 0.5% movement) | (1.57) | 1.63 | (1.13) | 1,17 | |
| Future salary growth (2024 - 0.5% and 2023 :- 0.5% inovement) | 1.60 | (1,55) | 1.13 | (1.10) | |

Although the analysis does not take account of the full distribution of each flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

Risk Exposure for grafulty

Through its defined benefit plans, the company is exposed to a number of risks, the most significant of which are detailed below:

- a) Asset volatility: The plan liabilities are calculated using a discount rate set with reference to bond yields, if the plan assets underperform this yield, this will create a deficit. Further any decrease in the bond yields will increase the plan liabilities. The plan assets investments are in unquoted securities which are subject to interest rate risks and the fund manages the interest rate risks to an acceptable low level.
- b) Salary growth & Demographic assumptions: The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the company that any adverse salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees to future. Since the benefits are tump sum in nature the plan is not subject to any longevity risks.

B. Mensurement of fair values

Equity-settled share-based payment atrangements

The fair value of the employee share options has been measured using the Black-Scholes formula. The Black-Scholes model requires the consideration of certain variables such as volatility, risk free rate, expected dividend yield, etc. for the calculation of the fair value of the option. These variables significantly influence the fair value and any changes in these variables could significantly affect the fair value of the option.

Thomas Cook (India) Limited, the holding company ("TCIL") to a composite scheme of arrangement demerged its Human Resources Services Business and transferred it to Quess Corp Limited ("Quess"). The scheme was approved by the National Company Law Tribunal (NCLT) with the appointed date as April 1, 2019. The effective date of the scheme was November 25, 2019 when both TCIL and Quess filed the certified copies of the order with their respective jurisdictional Registrar of Companies.

As a part of the composite scheme, Employees whose ESOPs were outstanding on the effective date will be emitted to the additional shares of Quess on account of the denerger of Human Resource Business, fustead of altering the exercise price, TC#, provided additional award in form of Quess shares.

The employees are now entitled to shares of Quess along with those of TCIL in the same share entitlement ratio prescribed in the scheme for the other shareholders of TCIL.

In case of vested BSOPs, the employees will be granted shares of TCIL and Quess only on payment of the exercise price. In case of unvested ESOPs, the employees will be granted shares of TCIL, and Quess on completion of the remaining vesting period and payment of the exercise price.

The options, to the extent, which are settled by shares of Quess do not meet the definition of a share-based payment arrangement because the value of shares of Quess is not based on the price or value of TCEL's equity instruments or any of its group entity's equity instruments.

The options to the extent which are settled by shares of Quess will be considered as an employee benefit within the scope of Ital AS 19.

The options settled by shares of TCH, continue to be considered as share based payments and are accounted as per IND AS 102.
